AT THE OLD ESTABLISHMENT,

No. 10 ASTOR HOUSE, Corner of Barclay Street, and
417 BROADWAY, Corner of Canal Street,
(Brandreth House.)

The late firm of Rushton, Clark & Co., having been dissolved by its own limitation, and by the *decease* of my Father, the Founder and Originator of the Establishment (the late Wm. L. Rushton), I beg leave to announce to the Patrons of the late Firm, and to the Public generally, that I will carry on the business in all its branches at the Old Establishment, No. 10 ASTOR HOUSE, Corner of Barclay St., and No. 417 BROADWAY, Corner Canal Street, and respectfully solicit a share of the patronage hitherto so generously extended to the late Mr. Rushton.

Having been connected with the business of the late firm for upwards of *ten years*, and educated in the Establishment, under the immediate supervision of my Father, my experience, I feel confident, will enable me to prosecute the business as successfully and as satisfactorily as when under his charge. Possessing the original recipes for the manufacture of the various popular medicines of the late *Wm. L. Rushton*, and of all the *firms* he originated, and was Senior Partner of, and being the *only* person entitled to use his name, and having obtained my knowledge of their mode of preparation from him, I feel that I can safely claim for them the same character for superiority and purity for which they always have been noted.

I beg to assure my friends and the public generally, that my individual attention will be given to the management of the business, hoping to merit the same patronage and kindness so long bestowed on my Father.

I remain, yours, most respectfully,

FREDERICK V. RUSHTON.

FRANKS' NEW PATENT DOUBLE VISION SPECTACLES,

An entire new invention, and greatest discovery of the age, in optical science. Manufactured and sold only by the Patentee,

DR. E. S. FRANKS, LECTURER ON THE HUMAN EYE, NO. 2 PARK ROW

Opposite the Astor House, New York.

SPECTACLE MAKER TO THE NEW YORK EYE AND EAR INFIRMARY, AND OPTICIAN BY DIPLOMA TO THE NEW YORK EYE HOSPITAL &c., &c.

The advantages these Spectacles possess over all others are:

1st. Both near and distant objects can be seen with equal facility.

2d. Extreme clearness of vision particularly by gas or candle lights, imparting a soothing influence and quieting all nervous irritations of the eye.

3d. Alteration to stronger powers, in most cases never required, but suiting the sight for years, strengthening and preserving the weak or aged visual functions to the end of life, whether the defect arises from age, weakness or premature decay.

4th. Being ground by machinery mathematically calculated expressly for these Glasses, which produces them of unerring spherical accuracy, with a focus at their exact centre, a point of the greatest importance in the action of all Spectacles.

We cannot appreciate the good effect of common Spectacles, even on the eye, unless properly adjusted to it by some scientific optician. Then how much better must these Patent Glasses be when correctly and accurately applied to that important organ. Why! they must be a real comfort and like a divine blessing to those afflicted with defective vision.

WILLIAM H. SMITH,

PUBLISHER OF THE

BROOKLYN CITY DIRECTORY,

AND

BROOKLYN CITY AND KINGS COUNTY RECORD,

Room 6 Montague Hall, Court Street,

City Hall Square,

BROOKLYN.

The "Record" is a new publication just issued. It is made up principally of statistical matter concerning the various societies, institutions and associations, secular, religious, literary, benevolent, and mutual benefit in the City of Brooklyn, and King's County,—being a Budget of information, for all classes. The following is the opinion of the Brooklyn Press concerning it.

The Brooklyn City and Kings County Record.—This is the title of a work just issued by W. H. Smith, the Publisher of the City Directory, and it is one which should be in the counting room and office of every business man in town. It contains a complete list of all the Public Institutions, Corporations, Societies, &c., and the various Officials, Lawyers, Clergymen, and everything else in the least having a public character in the City. We know of no more useful publication that has issued from the local press for many a day.—*Daily Independent Press, June 18th.*

The Brooklyn City and Kings County Record.—This is the title of a work just published by Wm. H. Smith, Publisher of Smith's Brooklyn Directory. It contains much information of value, and as a book of reference, is invaluable, and should be possessed by every one.—*Brooklyn Evening Star, June 18th.*

The Brooklyn City and Kings County Record—A budget of General Information, with a Map of the City, an Almanac and an Appendix, containing the new City Charter. This elaborate title explains the nature of the work. So far as we can judge from a hasty glance at the volume, the projector, Mr. Smith, of the Directory, has performed his task well. The book contains a mass of local, statistical information, which everybody should at once have on hand.—*Brooklyn Daily Eagle, June 20th.*

The Consolidated City Half Bound.—One of the completest and least bulky books of reference that we know of is "The Brooklyn City and Kings County Record," published by Wm. H. Smith, of the City Directory. Here is a Budget of General Information, containing the names of all the Lawyers, Commissioners of Deeds, full information in relation to all the Corporations, Societies, &c., with a Map of the City, an Almanac, and an Appendix containing the City Charter. The Record will prove a most valuable auxiliary to business men, opening up sources of information to arrive at a knowledge of which, otherwise, might put them to much inconvenience and vexatious inquiry. Let every citizen possess himself of a copy of this work.—*Brooklyn Daily Times, June 21st.*

The Brooklyn City and Kings County Record is emphatically what it proposes to be: "A Budget of General Information," and which ought to be in the hands of every business man in the City. This work has been issued by Mr. W. H. Smith, and is, to the business community, intrinsically worth more than double its publication price. Take a look at it, and you will be sure to buy one for your own accommodation, convenience and information —*Union Ark (Illustrated) June.*

The Brooklyn City and Kings County Record: Wm. H. Smith, Publisher, Montague Hall.—This is a work of local interest, which is presented for the patronage of the "Third City of the Union." It is a compilation of statistics of the religious and secular institutions of Brooklyn, and contains a large amount of information useful to the people of this County.—*Brooklyn Morning Journal, July 2nd.*

The "Record" is For Sale by all Booksellers. Price Seventy-Five Cents.

OFFICE—ROOM No. 6 (SECOND FLOOR), MONTAGUE HALL,

1855.

PRICE, TWO DOLLARS.

Entered according to Act of Congress, in the year 1855, by

WM. H. SMITH and WM. C. BETTS,

In the Clerk's Office of the District Court of the United States, for the Southern District of New York.

TO THE PUBLIC.

The Publisher issues his second publication in an altered, and he believes, improved form and style. The consolidation of two cities and a township, has considerably enlarged the field of his operations.—And the City now ranking, in point of population, as the "third in the Union," the labor and cost of compiling and publishing a General Directory of its inhabitants, is very considerable. The work was, however, entered upon again this year, with alacrity, notwithstanding his publication of the previous year, involved a loss of several hundred dollars. He believes that, showing the right disposition, the public will sustain him in his effort to make a Directory that will be satisfactory to them. As an evidence of the popularity of the one issued by him the last year (his first), it may be stated that the circulation was double that of any Directory that had preceded it.

It was thought expedient (in view of the small amount of business intercourse between the two sections), to compile the names of the Western and Eastern Districts in distinct departments, so that they might be issued in separate volumes or combined as a whole, in one.

Every attention has been given to make the work complete and perfect. He asks indulgence in regard to errors or omissions. Effort will be made, in the adoption of improved plans, and a more careful selection of assistants, to avoid their occurrence in future.

THE MORAND DAGUERREAN GALLERY,

65 *CHATHAM STREET,*

Opposite Chambers Street,

NEW YORK.

No expense has been spared in rendering this one of the best establishments of the kind in the city; the elegance with which these rooms have been fitted up insures to Ladies and Children comforts rarely met with at any other Gallery.

The artistic arrangement of the light as well as the perfection of the chemical and mechanical department, together with the fact that Mr. MORAND attends personally to every picture taken at these rooms, renders it impossible not to obtain a perfect likeness.

LIKENESSES taken separately or in groups of any number, and neatly set in Frames, Morocco Cases, Lockets, Breastpins, or Rings, as may be desired.

The perfection which has been attained in this beautiful art, enables him also to produce perfect likenesses of children as well as adults, in an exceedingly short space of time.

Citizens or strangers visiting the Gallery can have their Miniature or Portraits taken *without regard to the weather*, from 8 A. M. to 5 P. M. The best hours for children are from 11 A. M. to 2. P. M.

Gentlemen's Country Seats, Churches, National Buildings, &c., correctly taken.

Likenesses of deceased persons also taken.

Paintings, and Daguerreotype Miniatures can also be copied, in many cases to surpass the original.

The Gallery has no connection with any other establishment in the city.

OPINIONS OF THE PRESS.

The following are a few of the unsolicited encomiums bestowed by the Press:

From the New York Sun.

"FIRE GILT DAGUERREOTYPES.—As there is scarce a day transpires without some new and valuable improvement being made by the many artists engaged in the profession, we cannot allow the present opportunity to pass without calling the attention of our readers to the beautiful improvement made by MR. A. MORAND, 65 *Chatham Street* (opposite Chambers Street), who not only seems to excel all others, but has actually reduced the price of his best Fire Gilt Likenesses, which are rendered perfectly durable, to an unprecedented low price, placing it within the reach of all to secure a miniature of those who are dear to them."

"BEAUTIFUL DAGUERREOTYPES.—We were much surprised at the perfection to which this art has been carried, on visiting, a few days since, the rooms of MR. A. MORAND, 65 *Chatham Street*, opposite Chambers Street. Mr. A. M., who has applied himself for a number of years with untiring energy and perseverance, has succeeded in producing some of the most exquisite specimens of the art we have ever seen. His improvements also enable him to furnish the likenesses colored and enclosed in a beautiful case for the lowest price a good picture has ever been offered at in this country. None therefore need deprive themselves of a perfect miniature on the score of economy."

PLIMPTON'S SECRETARY BEDSTEAD
AND TOILET TABLE COMBINED.

MANUFACTURED AND FOR SALE WHOLESALE AND RETAIL
BY THE PATENTEES,

H. R. & J. L. PLIMPTON,

WESTFIELD, Massachusetts, and
62 WHITE STREET, 3d door from Broadway,
NEW YORK.

The Subscribers would return their sincere thanks to the citizens of Brooklyn for the very liberal patronage bestowed upon this invention since its first introduction in this vicinity, and hope that the reputation of our articles will merit the continuance of the same esteemed favors.

Above is a correct representation of the Bedstead and Toilet Table, as formed by this arrangement, the same when folded and placed together form a Secretary or Bookcase; as we make over twenty different patterns of Secretary, it would be impossible to represent them here; therefore we would extend a general invitation to the Ladies and Gentlemen of Brooklyn, to make us a call (whether wishing to purchase or not), at 62 *White Street*, and examine our various patterns, and witness the transformation of the article from its daily to its nightly use. We insert the following notices, to insure those unacquainted, that *this is* a thing of sufficient importance to merit attention:

[*From the Boston Pathfinder in Report of Mass. C. M. A. Fair.*]

"An elegant affair, suited for parlor or sitting room; upon turning it down, a nice Spring Bed is discovered, also, a Toilet Table, Drawers, and other important requisites. This piece of furniture seems to be the grand centre of attraction."

[*From the Philadelphia Daily Enquirer, in Report of the Pennsylvania State Fair.*]

"It presents the appearance of an elegant Bookcase. When desired the lower portion of the frame can be immediately converted into a complete Toilet Table, while the remaining part, with little or no exertion, is as readily changed to a commodious Bed with spring Mattress so admirably constructed, as to permit a free circulation of air at all times, whether closed or not. It is not only an exceedingly ingenious contrivance, but one that challenges the admiration of all who behold it. Altogether it is the completest thing of the kind we have ever seen."

PLIMPTON'S

SECRETARY BEDSTEAD AND TOILET TABLE COMBINED.

A most useful article, bringing as it does, all the above necessaries into a small compass.—*Boston Daily Atlas.*

[*From the Jersey City Daily Sentinel, May 21st, 1855.*]

"Passing 62 *White Street*, New York, we called to see Plimpton's Secretary Bedstead and Toilet Table combined, and although our expectations were somewhat elevated from the description that we had received of its arrangement, we must say it far exceeded our expectations, for here we saw a chaste and ornamental Secretary replete with writing accommodations, drawers, &c., transformed in less than 30 seconds into two separate and perfect articles of Furniture: One a panelled side double French Bedstead with spring Mattress and a ready-made bed with pillows, and all complete. The other, a Wash Stand or Toilet Table with all the appurtenances and conveniences for wash and toilet use. These two separate articles with all their equipage are replaced by an equal effort into Secretary form with all the night accommodations concealed from view, protected and well-ventilated. The public want has long demanded an arrangement of this kind whereby the parlor or sitting room could be easily converted into a sleeping apartment, and numerous ingenious contrivances have been tried to accomplish this result; but never before have perfect sleeping, washing and toilet accommodations been rendered practicable and acceptable in genteel apartments. Foreign ingenuity and skill has to surrender to this American invention, and the governments of Great Britain and France have each awarded it their royal letters patent. These high privileges and the deserved encomiums of praise bestowed by the press and by distinguished individuals, who have the article in use, together with the favor and patronage it receives from the public, will, we hope, suitably reward the inventors for the ingenuity, perseverance and skill expended in producing such a perfect and desirable article. Many discerning proprietors of first class hotels in New York and other places, are furnishing their parlors and sitting rooms with these genteel and luxuriant arrangements, so that the same can be used as sleeping apartments by their favored guests, and in case of a crowded house, to do away with the cot bed system, heretofore resorted to on such occasions.

"Most of these arrangements, however, have been introduced into private parlors and sitting rooms, and have afforded convenience and luxury that could not otherwise have been attained, furnishing in the hot season a cool, airy sleeping apartment, instead of a small upper room; and in cold weather a good nice bed in a large warm apartment. This convenience for the aged sick or indisposed, is invaluable, if not indispensible. It would be useless for us to further describe the article, or name the various circumstances in which its use would be found to be desirable; for this is an article that must be seen in operation so that its real merits can be understood and appreciated. The proprietors understand this fact, and give a public invitation for all to call and see. Therefore, let our readers call and examine, and we assure them that they will be repaid for their trouble."

[*From the New London Chronicle, of June 5th, 1855.*]

"A BEDSTEAD THAT IS A BEDSTEAD."—Mr. Sheriff Payn showed us two or three days since a *dormitorial* contrivance which at any rate, was so new to us and seemed to combine so many conveniences, that we are disposed to mention it, though for aught we know it may be familiar to others. On first going into the room, we could see nothing that wore any appearance of the article we were invited to look at, and it seemed for some time that we had probably become the victim of a good natured practical joke. All there was in sight was some handsome furniture in the room, and among the rest a superb bookcase or perchance a wardrobe, though somewhat small for either. Mr. Payn, however, proceeded to open the bookcase, and soon developed a congeries of conveniences of which we had not dreamed. In the first place by detaching the lower part of the front we found a fine toilet table, wash-stand and all the appliances of a complete dressing room; touching another spring the magic fabric fell into a horizontal position, and elongating itself became a beautiful bedstead on which an elegant spring mattress made its appearance, good enough, and luxurious enough for an Emperor or even for an American republican to sleep upon. All the former form of a bookcase had disappeared, and it 'stood confessed' a first-rate bedstead sure enough. After seeing it sufficiently in this form, other springs were touched, and presto! it was back to a bookcase in a trice; a splendid parlor ornament snugly and cosily occupying little more space in the room than a good sized easy chair; the whole process of taking apart and putting together again, capable of being performed in less than a minute."

A host of similar notices might be adduced, but we prefer to have the ARTICLE itself establish and maintain its own merits. We take much pleasure in exhibiting our invention to all who favor us with a call, whether wishing to purchase or not, and would extend a general invitation to the Ladies and Gentlemen of this City, and to strangers from abroad, to make us a call, at 62 *White Street*, where they can examine for themselves, and witness the operation of this combination of furniture.

TO

HOUSEKEEPERS,

FARMERS,

AND

FRUIT GROWERS.

Above is a representation of a Canister, with a patent attachment, designed for preserving fruits and vegetables of all kinds in a perfectly fresh state, with their natural shape, color and flavor. It is termed the "SELF-SEALING CAN," and so called, because soldering is dispensed with in closing up the aperture of the Can, and because by the simple turning of a cap, the outward atmosphere is wholly excluded.

With these Cans, and directions given with them, such fruits as Apples, Pears, Peaches, Strawberries, Raspberries, Blackberries, &c., and such vegetables as Tomatoes, Green Peas, Green Corn, Beans, and indeed, every species of either, may be preserved for years in their fresh state without the addition of salt, sugar or acid, or any other preservative property whatever.

Many of these fruits decay and go to waste upon the trees, bushes and market places. Now, they may be saved and used, out of their season, for table or pastry purposes. With this Canister they can be preserved economically, as sugar and spirits may be dispensed with.

Health is greatly promoted by the free use of fresh fruits and vegetables, while, on the contrary, digestion is greatly impeded, and the digestive organs impaired by the use of preserved fruits so completely saturated with sugar as are the ordinary sweetmeats preserved by families.

These Cans may be used year after year. The Directions for preserving fruit and vegetables accompany the Cans. The mode is so simple that an ordinary house servant, or child of ten years of age, need make no error.

A little wrench should be purchased for screwing down the cover tightly, thereby, making a perfect job. The Funnels, also, are a great convenience to those who would easily and nicely fill the Cans. They are made for and are perfectly adapted to the purpose.

N.B.—The "Genuine Self-Sealing Cans" have cast in letters on the top of the cap, "Spratt's Patent," "Wells and Provost, Proprietors, New York." This much is mentioned to prevent imposition upon the public by any spurious or worthless article in imitation.

All the Cans are guaranteed to answer fully and perfectly the purposes for which they are recommended.

AMERICAN MANTEL AND SLATE COMPANY,

27 *COURT STREET*, *nearly opposite the City Hall*

BROOKLYN.

The above Company are now receiving daily, from their extensive manufactory in Pennsylvania, and have on exhibition at their Ware-rooms, in Brooklyn, the largest assortment of Mantels ever offered to the American Public; made from a superior article of Slate Stone, (heretofore unknown in this country), and Marbleized by *an entire new process* to represent all the *various marbles* so closely, that the most experienced cannot detect the difference.

The attention of Architects, Builders, Contractors, and the Public generally, is invited to an examination of our styles of

MANTELS, TABLE AND BUREAU TOPS,

Side and Mirror Slabs, Washstands, Clock Cases, &c. &c.,

with the assurance, that while they possess all the beauty and finish of the finest specimens of Marble, they may be obtained at prices from one-third to fifty per cent less, thus making a great saving to Builders.

The style and elegance of finish of our work, have met with the highest commendation from all that have seen it, and we warrant every article to stand any test that may be applied to marble, and also not *to be affected by oils or acids*. An examination will satisfy the most skeptical.

We have on hand, and are prepared to furnish, all the various kinds of

FOREIGN MARBLES,

SUCH AS

Egyptian,	Sienna,	Verde Antique,	Brocatelle,
Pyrenees,	Italian,	Portugal,	Agate,

Cornelian, Spar, and all others.

N. B.—Roofing Slate of a *very superior quality*, of all sizes, and in lots to suit, constantly on hand at the *lowest market rates*.

All orders adressed to No. 27 Court Street, Brooklyn, will meet with prompt attention.

RUFUS COFFIN, Sec. M. E. WILLING, Pres.

LYON'S

MAGNETIC POWDER.

FAC SIMILES OF THE

FOUR NATIONAL MEDALS

AWARDED TO

EMANUEL LYON.

FOUR NATIONAL MEDALS.

For the Destruction of Insects, Without Poison,

Has been for many years a Standard Article throughout the United States, as well known and as regularly in demand by housekeepers as any merchandize of the first necessity, used for domestic purposes. It has been submitted during this time for analyzation and experiment to the ***First Scientific Men in Europe and America;*** to the Medical College of New York; to distinguished chemists in France, England and Germany; at the World's Fair in London, held in 1851; at the International Exhibition in the Crystal Palace, New York, opened in 1853; at the Great Belgian Exposition, held in 1847. During this time the Inventor and Proprietor, EMANUEL LYON, has been honored with

And the powder has received the Autograph Endorsement of the President of the United States, Prince Albert, and thousands of leading citizens in every department of business, throughout the Union. The Powder has been declared by eminent chemists of all countries

FREE FROM POISON,

and entirely innocuous; while thousands of letters testify that it immediately and infallibly destroys,

Bedbugs, Cockroaches, Moths, Fleas, Ants, Flies, Mosquitos, Plant Insects, Vermin on Fowls and Animals,

and every other species of insects with which its particles come in contact. In consequence of the article being extensively counterfeited it is necessary to **CAUTION THE PUBLIC** not to purchase any packages purporting to contain LYON'S MAGNETIC POWDER, which are not verified by a fac simile of his signature upon the label. A new lithographic label, similiar to the heading of this advertisement, is on every flask and box.

LYON'S MAGNETIC PILLS, for the destruction of Rats and Mice, will exterminate these vermin, however numerous they may be, within twenty-four hours, in any private dwelling, store, warehouse, outhouse, barn, etc., where they are placed.

Principal wholesale and retail depot for Lyon's Magnetic Powder and Pills, 424 Broadway. Sold by Mrs. Hayes, 175 Fulton Street, Brooklyn, and all respectable druggists in the United States. Retail price, 25 cents per flask or box, with a proportionate reduction to wholesale buyers.

EMANUEL LYON.

GUIDE

TO THE

STREETS, AVENUES, LANES, COURTS, PLACES, &c.

MENTIONED IN

SMITH'S BROOKLYN DIRECTORY,

(WESTERN DISTRICT),

FOR 1855-6.

NOTE.—The numbering of the streets &c., of the city is very incomplete and irregular, the same number, in several instances, occurring in two or more places in the same street or avenue. As a rule, the numbers run eastward and southward from the opening of the street or avenue. The streets, avenues, &c., that are given in the Guide, are arranged in alphabetical order, and any particular one can be found by observing that order when looking. The number of the building at one corner of each crossing, or abutting street, or avenue, is given when there is any; when there is none at the corner, the one nearest it is given. In most cases the crossing or abutting streets, &c. named, are those opened at the street or avenue under the head of which they are given.

ABBREVIATIONS AND SIGNS.—Al. or al. for alley; Av. or av. avenue; bet. between; Ct. or ct. court; E. east; E. Dist. Eastern District; Pl. or pl. place; rd. road; S. south; St. street; W. west; * denotes that the number is not at the corner but near it; [or] denotes that the street or whatever, does not cross, but begins or ends (on the right or left) at the street or avenue, under head of which it is named.

GUIDE

TO THE

STREETS, AVENUES, LANES, COURTS, PLACES, &c.,

MENTIONED IN

SMITH'S BROOKLYN DIRECTORY,

(EASTERN DISTRICT),

FOR 1855-6.

NOTE.—The numbering of the streets &c., of the city is very incomplete and irregular, the same number, in several instances, occurring in two or more places in the same street or avenue. As a rule, the numbers run eastward and northward from the opening of the street or avenue; the exception being as to the streets and avenues south of Broadway, which number southwest and southeast. The streets, avenues, &c., that are given in the Guide, are arranged in alphabetical order, and any particular one can be found by observing that order when looking. The number of the building at one corner of each crossing, or abutting street, or avenue, is given when there is any; when there is none at the corner, the one nearest it is given. In most cases the crossing or abutting streets, &c. named, are those opened at the street or avenue under the head of which they are given.

ABBREVIATIONS AND SIGNS.—Al. or al. for alley; Av. or av. avenue; bet. between; Ct. or ct. court; E. east E. Dist. Eastern District; G. P. Greenpoint; Pl. or pl. place; rd. road; S. south; St. street; W. west; * denotes that the number is not at the corner but near it; [or] denotes that the street or whatever, does not cross, but begins or ends (on the right or left) at the street or avenue, under head of which it is named.

WILLIAM H. SMITH,

PUBLISHER OF THE

BROOKLYN CITY DIRECTORY,

AND

BROOKLYN CITY AND KINGS COUNTY RECORD,

Room 6 Montague Hall, Court Street,

City Hall Square,

BROOKLYN.

The "RECORD" is a new publication just issued. It is made up principally of statistical matter concerning the various societies, institutions and associations, secular, religious, literary, benevolent, and mutual benefit in the City of Brooklyn, and King's County,—being a Budget of information, for all classes. The following is the opinion of the Brooklyn Press concerning it.

THE BROOKLYN CITY AND KINGS COUNTY RECORD.—This is the title of a work just issued by W. H. SMITH, the Publisher of the City Directory, and it is one which should be in the counting room and office of every business man in town. It contains a complete list of all the Public Institutions, Corporations, Societies, &c., and the various Officials, Lawyers, Clergymen, and everything else in the least having a public character in the City. We know of no more useful publication that has issued from the local press for many a day.—*Daily Independent Press, June 18th.*

THE BROOKLYN CITY AND KINGS COUNTY RECORD.—This is the title of a work just published by WM. H. SMITH, Publisher of Smith's Brooklyn Directory. It contains much information of value, and as a book of reference, is invaluable, and should be possessed by every one.—*Brooklyn Evening Star, June 18th.*

THE BROOKLYN CITY AND KINGS COUNTY RECORD—A budget of General Information, with a Map of the City, an Almanac and an Appendix, containing the new City Charter. This elaborate title explains the nature of the work. So far as we can judge from a hasty glance at the volume, the projector, Mr. SMITH, of the Directory, has performed his task well. The book contains a mass of local, statistical information, which everybody should at once have on hand.—*Brooklyn Daily Eagle, June 20th.*

THE CONSOLIDATED CITY HALF BOUND.—One of the completest and least bulky books of reference that we know of is "The Brooklyn City and Kings County Record," published by WM. H. SMITH, of the City Directory. Here is a Budget of General Information, containing the names of all the Lawyers, Commissioners of Deeds, full information in relation to all the Corporations, Societies, &c., with a Map of the City, an Almanac, and an Appendix containing the City Charter. The RECORD will prove a most valuable auxiliary to business men, opening up sources of information to arrive at a knowledge of which, otherwise, might put them to much inconvenience and vexatious inquiry. Let every citizen possess himself of a copy of this work.—*Brooklyn Daily Times, June 21st.*

THE BROOKLYN CITY AND KINGS COUNTY RECORD is emphatically what it proposes to be: "A Budget of General Information," and which ought to be in the hands of every business man in the City. This work has been issued by Mr. W. H. SMITH, and is, to the business community, intrinsically worth more than double its publication price. Take a look at it, and you will be sure to buy one for your own accommodation, convenience and information.—*Union Ark (Illustrated) June.*

THE BROOKLYN CITY AND KINGS COUNTY RECORD: WM. H. SMITH, Publisher, Montague Hall.—This is a work of local interest, which is presented for the patronage of the "Third City of the Union." It is a compilation of statistics of the religious and secular institutions of Brooklyn, and contains a large amount of information useful to the people of this County.—*Brooklyn Morning Journal, July 2nd.*

The "Record" is For Sale by all Booksellers. Price Seventy-Five Cents.
